

# White Clay Watershed

## 2006 Spring Seminar Series

Please join us for a series of presentations on the natural beauty of the White Clay Watershed

### The Wild and Scenic White Clay Creek: Pennsylvania and Delaware's Threatened Treasure

- Thursday, March 16, 7 p.m.
- Ashland Nature Center
- FREE admission • Refreshments

John A. Thomas

We live, work, and play in the exceptional Wild and Scenic White Clay Creek watershed — a treasure in our own backyard.

Take a virtual tour of the watershed and learn first hand from Stroud Water Research scientist John Jackson what science is telling us about its future. Find out about what you can do to protect this precious resource.

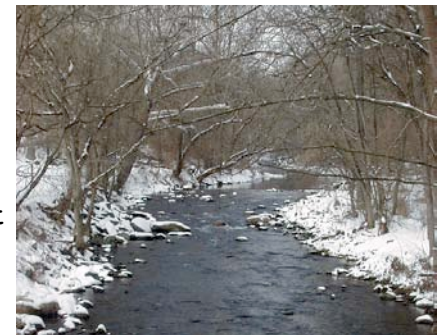

RSVP by phone 302-239-2334 ext. 100 or by email [ginger@delawarenaturesociety.org](mailto:ginger@delawarenaturesociety.org)

For directions to the Ashland Nature Center: [www.delawarenaturesociety.org](http://www.delawarenaturesociety.org).

### Healing a Wounded Stream: Pike Creek Restoration

- Tuesday, April 25
- 6:00 p.m. Pike Creek Restoration Tour (limited to first 30 registrants)
- 7:00 p.m. Lecture
- Ebenezer United Methodist Church
- FREE admission • Refreshments

Pike Creek is a part of the Wild and Scenic White Clay Watershed. Pike Creek Valley's rapid suburbanization in the last 30 years has endangered the stream's health and become problematic for surrounding properties and infrastructure. Learn from DE Dept. of Natural Resources and Environmental Control's project manager Steve Williams how a recent Pike Creek restoration project is bringing healing to the stream and landscape. Find out what you can do to bring healing to streams and your landscape.

RSVP by phone 302-239-2334 ext. 100 or by email [ginger@delawarenaturesociety.org](mailto:ginger@delawarenaturesociety.org)

Ebenezer United Methodist Church is located at 525 Polly Drummond Road, about 0.75 miles south of the intersection with Paper Mill Road.
