

# DELAWARE NATURE SOCIETY

EDUCATING TODAY, PRESERVING FOR TOMORROW

Dear Chaperone,

Thank you for joining your child's class for a hands-on, outdoor experience. Please review the following tips to help you prepare for the upcoming program with the Delaware Nature Society.

1. Your responsibility as a chaperone is to assist the instructor by making sure students are paying attention, following the rules, staying with the group on the trails, and not picking plants. This may mean helping to discipline students if necessary.
2. This field trip is a part of your students' school day. Please allow students to answer the instructor's questions.
3. Dress appropriately for the weather and wear walking shoes or boots and clothes that can get dirty. Our programs are conducted rain or shine.
4. If you have a cell phone, **please** turn it off and only use it if an emergency arises.
5. And remember, above all, have fun!
